Transfer Planning Guide for:				
<u>North Iowa Area Community College (NIACC)</u>				
ISU Major in: Dietetics				
(Based on the ISU 2007-2009 and 2007-2008 NIACC Catalogs)				
1/4/08 (SBM)				
The courses listed below are those that can be taken at NIACC to satisfy requirements of the Dietetics major at ISU.				
This document was accurate on the date it was prepared but may not reflect subsequent changes by ISU or NIACC.				
For this reason, <i>this transfer plan should be used as a guide only, and should not replace consultation with a NIACC adviser and an ISU adviser. For clarification and more information, contact:</i>				
Sarah Bender Miller (515) 294-2553, smbender@iastate.edu				
No more than 65 semester credit hours earned at a two-year college can be applied to a baccalaureate degree from ISU. ISU will accept up to 16 semester hours of credit earned in vocational-technical courses if the sending community college accepts such courses toward its Associate in Art or Associate in Science Degrees.				
**All courses do not need to be completed prior to transfer. An emphasis on completing science sequence courses will best help students move through the program at the quickest pace after transfer.
